# Employer Verification Letter – NIE Approval

- Mrs. Iswarya Konasani is employed with HCL America INC. and works for a large Financial Services client based out of San Antonio Texas.

- Mrs. Iswarya Konasani is performing the following day-to-day duties supporting Mortgage applications for the client:

  - Design and developing custom solutions and enhancements using C#.
  - Evaluate existing applications for refactoring, updating, and adding features
  - Collaborate with the Development Product Owner and others in the team in prioritizing features and user stories, ensuring that the acceptance criteria for all the stories are understandable, complete and raise queries as required to address gaps if any

  - Build, configure and maintain local development and testing environments

  - Perform Webservices testing, Functional, Integration and Regression testing

  - Integration with third party software to sanitize and restructure data for standardized consumption via API

  - Participate in dry runs and production release to support the delivery of team's changes to production support end to end code, configure validations

  - Responsible to fix the existing bugs or issues in the Mortgage applications and analyze the impact of the fix on the other modules and applications

  - Drawing out a plan for releases of the enhancements for the application requested by the users and planning work for subsequent releases

  - Interact with client in sign-off on all deliverables of migration to QA, stage and production environment

  - Key Skills/Platform Used: C#, Microsoft .Net, MS-SQL Server, ELC Admin Tool, JIRA, POSTMAN, GIT, WebSphere, Docker, OpenShift, Kibana

- The Client has an agreement with HCL AMERICA INC. and HCL has been functioning as a strategic partner for the client for over 20 years. HCL provides technology, consulting services, development, and support services

- The client is a leading financial institution and provides financial services to a critical segment of the population who serve the country's national interest

- Mrs. Iswarya Konasani plays a vital role in application development developing & supporting applications and working on multiple critical projects. She works in the Mortgage applications team and performs the job duties mentioned above

Sincerely,
